EXPLORE

LIVE LIFE TO THE FULL

AT HOME WHEREVER YOU ARE

Tourneo Connect is the perfect companion for any journey. Designed to cope with life in the real world, its distinctive style means it will look perfectly at home wherever you drive. Its fresh, well thought-out interior provides comfort for longer journeys, while offering all the space and versatility you need to help you live life to the full.

Vehicle shown features accessories, available at extra cost.

Tourneo Connect Active in Sedona Orange metallic body colour (option) with 17" 5-spoke Absolute Black alloy wheels.

GO WHERE THE FUN IS

MECHANICAL LIMITED-SLIP DIFFERENTIAL

Tourneo Connect's mechanical limited-slip differential can help reduce unwanted wheelspin, especially on loose surfaces. By automatically directing torque to the wheel with the most grip, it enhances Tourneo Connect's front-wheel drive capability and delivers even greater levels of traction, stability and composure in more challenging conditions. (Option)

Tourneo Connect Active in Frozen White solid body colour with 17" 5-spoke Absolute Black alloy wheels.

EXPLORE

CLEVER THINKING

SURROUND YOURSELF WITH SMART IDEAS

Tourneo Connect helps make your life on the road smarter and more convenient. So, you'll find features* like an available wireless charging pad that lets you recharge a compatible mobile device† without the need for a charging cable (option). And available front and rear parking distance sensors to help make tricky parking manoeuvres easier to manage. Further available features include:

- **Automatic headlights** switch on automatically when it starts to turn dark, and turn off when the sensor detects enough daylight, to help improve your visibility and make your Tourneo Connect more visible to other drivers (option on Trend, standard on Titanium and Active)
- **Rain-sensing wipers** spring into action when they detect moisture of the windscreen, then adjust their speed to deal with whatever the weather throws at you (option on Trend, standard on Titanium and Active)
- **Rear-view camera** switches on automatically when reverse gear is selected and displays a clear view to the rear of your car in the central multi-functional display or the rear-view mirror (depending on the system specified) to help when reversing†† (standard on Active, option on all other series)

*See series pages for full list of standard and optional features.

†Wireless charging enabled device required.

††Cameras only operate at speeds under 6 mph (10 km/h).

Tourneo Connect Active in Sedona Orange metallic body colour (option) with Nunatak in Combo with Eton in Combo/Eton in Ebony with Nordic Blue stitch trim.

MEET YOUR PHONE'S NEW BEST FRIEND

FORD SYNC 3

Available Ford SYNC 3 integrates seamlessly with your smartphone, letting you control everything from phone calls and text messaging to music and satellite navigation – all via the 6" touchscreen or through remarkably simple voice commands*. Map updates help to keep you on track and on time, and are complimentary for a limited period following vehicle registration. (Option with Navigation)

SYNC 3 FEATURES*

- Manage your phone, music, apps and navigation with simple voice commands
- Hear your text messages read aloud for you
- Emergency Assistance[†] helps occupants place an emergency call to provide emergency services with the vehicle location in their respective language
- Control SYNC-compatible apps with AppLink, while Apple CarPlay and Android Auto let you navigate your smartphone through the SYNC 3 home screen, as if it were your handset
- Colour touchscreen supports multi-touch 'swipe' and 'pinch-to-zoom' gestures

Please note: Full SYNC 3 smartphone integration is only available with iPhone 5/Android 5.0 (Lollipop) or higher. Some SYNC 3 functions require a data connection, so mobile data charges will apply. To check whether Apple CarPlay and Android Auto are available in your market, please check their official websites for the latest information.

*Don't drive while distracted. Use voice-operated systems when possible; don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones.

[†]Ford Emergency Assistance is an innovative SYNC feature that uses a Bluetooth®-paired and connected mobile phone to help vehicle occupants initiate a call to the local Communications Centre, following a vehicle crash event involving an airbag deployment or fuel pump shut off. The feature operates in more than 40 European countries and regions.

SYNC

EXPLORE

100% CONNECTED

FordPass Connect makes your journeys easier. Discover a range of features in your vehicle, and on your smartphone, that work together to keep you effortlessly connected on every journey.

FORDPASS CONNECT

- **Live Traffic**** Sends up-to-date traffic information directly to the SYNC 3 Navigation system. The technology then adjusts the recommended route based on the traffic conditions
- **Local Hazard Information**** Uses multiple local and national information sources to warn you of hazards on the road ahead
- **On-board Wi-Fi***** With speeds of up to 4G, on-board Wi-Fi enables you to use the hotspot from up to 15m outside your vehicle

FORDPASS APP

Get the most from your connected car experience with the FordPass app. From smart remote features to detailed vehicle health reports, the FordPass app lets you access even more functions via your smartphone.

- **Quick Setup** Use your phone's camera to add your vehicle to your account through the app using the vehicle's VIN number
- **Remote Lock and Unlock** Access or secure your vehicle wherever you are
- **Remote Start** Get your vehicle ready for your journey by defrosting the windscreen, activating the climate control and heated seats (where fitted) on a cold winter's morning (models with automatic transmission only)
- **Vehicle Health Alerts** Increase your awareness of vehicle health, including tyre pressure and oil life
- **Vehicle Location** Helps you to locate your vehicle in busy locations
- **Roadside Assistance** For your reassurance when you need it
- **My Journeys** Record your trips and get tailored insights on how to optimise your driving technique

Download **FordPass** from the App Store or get it on Google Play.

Note FordPass app, compatible with select smartphone platforms, is available via a download. Message and data rates may apply.

*The FordPass Connect on-board modem will be connected at the time of vehicle delivery. You may choose to opt in/out of certain data sharing. The technology is available in selected markets. Remote access features will be free for the life of the vehicle (10 years).

**Live Traffic and Local Hazard Information access is complimentary for 12 months following the registration of a new Ford featuring SYNC 3 Navigation; thereafter a subscription is payable. Local Hazard Information is subject to availability at time of purchase.

***Wi-Fi hotspot (up to 4G LTE) includes a complimentary wireless data trial for a limited time only that begins at time of activation. Afterwards, data bundles can be purchased from Vodafone. Please refer to their website for details of their data packages. To take advantage of the built-in Wi-Fi hotspot capability, Ford vehicles must come with the appropriate hardware, and a data plan is required. Data coverage and service is not available everywhere and terms of your data plan, including applicable message and data rates, may apply.

FordPass is available in selected markets. Please see your Ford Dealer for details.

FOR WORK AND PLAY

READY WHEREVER LIFE TAKES YOU

Whether you are driving people for business or pleasure, Tourneo Connect delivers all the versatility you need to find the perfect vehicle for your needs. With two different wheelbase lengths to select from, it combines the ability to seat up to seven (including the driver) in the long wheelbase Grand version, with the ability to transport heavy or bulky items. Whichever model you choose, there's a Tourneo Connect that will work for you.

Standard features include:

- **Comfortable seating** for up to five people
- **Dual sliding side-load doors** provide easy access to the rear passenger compartment
- **Full-width glazed tailgate** affords unrestricted access to the loadspace
- **Plus, the ability to carry up to seven people** in the Grand Tourneo Connect by adding a further two seats in the third row

Grand Tourneo Connect Titanium in Chrome Blue metallic body colour (option) with 16" 5x2-spoke Nickel Luster alloy wheels.

CHOOSE YOUR BODYSTYLE

TOURNEO CONNECT OR GRAND TOURNEO CONNECT

Space reigns supreme in Tourneo Connect, with dual sliding side doors and plenty of room for five passengers, while the larger Grand Tourneo Connect offers a choice of five or seven seats. In both models, the second row seats are split 60:40, giving you added flexibility when carrying passengers and your belongings. The seatbacks fold flat and the whole seat tumbles forward for easy access to the third row*. Second and third row* seats also fold flat to create a level surface to make room for extra luggage.

Handy stowage solutions, including overhead lockers for your passengers' belongings, help to keep the cabin clutter-free. From seven adults to bags and sports equipment – and most things in between – if you need to move it, put it in the Grand Tourneo Connect (maximum load length 2,174 mm in 2-seat mode).

- **Overhead stowage console** is located above the front seats (standard)
- **Second-row overhead stowage lockers** are also available (option on Trend)
- **Third-row overhead stowage console** is available for Grand Tourneo Connect (option on Trend, Titanium and Active)
- **Underfloor storage bins** offer further interior storage solutions (standard)

← 5-seat Tourneo Connect Length : 4,425 mm†

← 7-seat Grand Tourneo Connect Length : 4,825 mm‡

*Grand Tourneo Connect 7-seat model.
 †Tourneo Connect Active length: 4,462 mm
 ‡Grand Tourneo Connect Active length: 4,862 mm

1 EXPLORE

ENJOY THE DRIVE

ADVANCED SYSTEMS TO EASE YOUR DAY

Tourneo Connect is available with a range of advanced safety and Driver Assistance features, designed to help make your drive easier.

- **Traction Control⁽¹⁾** is designed to detect wheel slip at low speed and distribute more torque to the wheel with most traction (standard)
- **Trailer Sway Control⁽¹⁾** is designed to reduce engine torque and apply the brakes to the appropriate wheel(s) when trailer sway is detected, to help the driver maintain control (standard with all Ford tow bars)
- **Hill Start Assist⁽²⁾** is designed to temporarily prevent you from rolling down a slope when you move your foot from the brake pedal to the accelerator pedal. It works in forward and reverse gears, so is ideal for towing and pulling heavy items and equipment for outdoor pursuits (standard)
- **Electronic Stability Control⁽¹⁾ (ESC)** helps you to maintain control in extreme driving conditions. It senses when you are deviating from your chosen line and aims to keep you on track by automatically regulating braking and engine output (standard)

⁽¹⁾Uses sensors. ⁽²⁾Safety feature. ⁽³⁾Driver Assistance feature.

Note Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle.

Grand Tourneo Connect Active in Solar Silver metallic body colour (option) with 17" 5-spoke Absolute Black alloy wheels.

ALWAYS ALERT

READY TO LEND A HELPING HAND

Using forward-facing camera technology, Tourneo Connect can help in various driving situations. From Pre-Collision Assist (standard) that can alert you to a potential collision, to Driver Alert (standard) that can warn if you need to take a break, Tourneo Connect is well-equipped to lend a helping hand.

- **Pre-Collision Assist⁽²⁾ with Pedestrian and Cyclist Detection*** monitors your proximity to other vehicles, pedestrians and cyclists – even in the dark when objects are within the headlight beam – and can alert you to a potential collision (standard)
- **Lane-Centring Assist⁽²⁾** continuously detects lane markings and can correct the steering to help keep your vehicle within its marked lane (standard)
- **Driver Alert⁽¹⁾** is designed to warn you if the system detects driving behaviour that indicates a drop in alertness levels. A warning icon is displayed in the instrument cluster, followed by an audible chime if driving alertness further declines (standard)

⁽¹⁾Uses sensors. ⁽²⁾Safety feature. ⁽³⁾Driver Assistance feature.

*Pre-Collision Assist with Pedestrian Detection can detect pedestrians, but not in all conditions and does not replace safe driving. See owner's manual for system limitations.

Note Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle.

Tourneo Connect Titanium in Moondust Silver metallic body colour (option) with 16" 5x2-spoke Nickel Luster alloy wheels.

BRIGHTER THINKING

SMART LIGHTING FOR AN EASIER LIFE

Tourneo Connect's xenon headlights offer enhanced light quality over halogen bulbs, while using less energy (option).

- **Static cornering fog lights** are designed to provide additional illumination of the area to the side of the vehicle when cornering, helping to make night-time parking and turning safer (standard on Titanium and Active, option on Trend)
- **Follow-me home lighting** ensures the headlights and puddle lights (where fitted) stay on for a few extra seconds as you walk away from your car. A convenient feature that should help you see your way safely to your door at night (standard on Titanium and Active, option on Trend)
- **LED daytime running lights** are designed to enhance Tourneo Connect's distinctive design, while making it more visible in bright conditions (option as part of optional xenon headlights on all series)

Tourneo Connect Titanium in Moondust Silver metallic body colour (option) with 16" 5x2-spoke Nickel Luster alloy wheels.

1 EXPLORE

LOOKING OUT FOR YOU

SENSES WHAT YOU CAN'T SEE

Tourneo Connect keeps a watchful eye on the road around you, helping to keep you informed with relevant information.

- **Intelligent Speed Assist with Traffic Sign Recognition⁽²⁾** detects speed limits, including variable limits, and no-overtaking signs via the forward-facing camera and shows them in the cluster display. Intelligent Speed Assist uses the information to help you keep within the prevailing speed limit (option)
- **Blind Spot Information System⁽²⁾** is designed to alert you via discreet warning lights built into both door mirrors, when another vehicle – car, van or lorry – enters your blind spot (option)
- **Adaptive Cruise Control⁽²⁾** lets you set your desired speed and the system will maintain the pace. If the built-in radar detects a slower vehicle ahead, it will slow your car to maintain a pre-set distance. Once the road in front is clear, the system will accelerate back to your chosen speed (option)

⁽¹⁾Uses sensors. ⁽²⁾Driver Assistance feature.

Note Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle.

1 EXPLORE

PARKING MADE SIMPLE

ASSISTANCE WHEN YOU NEED IT

Tourneo Connect is available with a range of thoughtful features designed to help you park and manoeuvre your car more easily.

- **Active Park Assist⁰²⁾** can help park your car for you. The system can locate a suitable parking space and automatically steer you into a parallel or perpendicular space. It can also manoeuvre you out of parallel spaces too. All you need to do is operate the accelerator, brake and gears (option)
- **Cross Traffic Alert⁰²⁾** helps when reversing out of a parking bay, by warning of traffic approaching from either side. Part of Blind Spot Information System (option)
- **Rear-view camera²⁾** displays the view to the rear of the car in the multi-functional display screen or rear-view mirror (depending on system specified) when reverse gear is selected. Marker lines overlaid on the camera image indicate where the vehicle is heading[†] (standard on Active, option on all other series)

⁰⁾Uses sensors. ²⁾Driver Assistance feature.

Note Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle.

[†]Cameras only operate at speeds under 6 mph (10 km/h).

Grand Tourneo Connect Titanium in Moondust Silver metallic body colour (option) with 16" 5x2-spoke Nickel Luster alloy wheels.

Ford Power starter button

Lets you start the car by the press of a button. (Standard on Titanium and Active, option on Trend)

Ford KeyFree System (with motion sensing key fob)

Allows you to lock or unlock the doors without ever holding the key. Just keep the key fob with you in your pocket or bag. (Option)

Innovative stowage

Tourneo Connect's innovative stowage solutions include underfloor storage compartments and overhead lockers to help keep the cabin clutter-free. (Availability varies according to model. Please see specifications for more information)

Panorama roof

Enjoy more beautiful views of surrounding scenery from the comfort of your Tourneo Connect with a panorama roof. The glass also has a solar reflective coating to help keep the interior cool. While an integrated sunblind provides extra shade when you need it. (Standard on Titanium and Active, option on Trend)

Quickclear heated windscreen

Demists the windscreen in seconds, even on frosty mornings. (Option on Trend, standard on Titanium and Active)

Automatic transmission

Available for the 100 PS and 120 PS Ford EcoBlue diesel engines. The new 8-speed transmission helps make Tourneo Connect even easier and more relaxing to drive. (Option)

2

SELECT

Available in a range of distinctly individual series design options, whatever your preference there's a Ford Tourneo Connect that's right for you.

Zetec

Pack more comfort and versatility into your day with the Tourneo Connect Zetec.

Key exterior features

fordlifestylecollection.com

SPECIAL VEHICLE OPTIONS

Ford Commercial Vehicles are designed, tested and built to work hard for you and your business. With a range of Ford Special Vehicle Options fitted at the factory, your vehicle will be better suited to your working conditions and requirements, and make conversion easier. For more details about Special Vehicle Options, please speak to your local Ford Dealer.

Special Paint Options

Your brand reflects your business, so Tourneo Connect is available in an extended range of colour options to help you create an even more eye-catching vehicle with added road presence. (Option)

Note A minimum order of 14 vehicles applies or a surcharge will be added.

WAV/Taxi Conversion Pack

Taxis and wheelchair accessible vehicles (WAVs) often use different third row seating arrangements, with either modified seats or space for wheelchairs to be secured in place. This pack provides first and second row seats only, while retaining body fixings for the third row to allow other solutions to be safely fitted. Pack includes: third row seat belt Body-In-White fixings, third row seat belts and pre-tensioners (supplied unfitted), and rear carpet. (Option on Grand Tourneo Connect only)

Upfitter Preparation Pack (AdBlue® tank)

This pack is designed for wheelchair accessible vehicle (WAV) conversions where the rear floor is modified, and includes a new 9-litre AdBlue® tank, associated bracketry and calibration. The alternative tank's position means that converters can install ramps to enable wheelchair access. (Option)

People Mover Preparation Pack

This specially developed pack enables the Tourneo Connect to be converted into a recreational or community transport vehicle. The People Mover Preparation Pack includes the driver and front passenger seats only, and deletes the second row seats and, where applicable, the third row seats. The pack also deletes the rear package tray, the mid-vehicle overhead console and the load floor covering. (Option)

4

SPECIFICATIONS

Get to know your new Ford Tourneo Connect inside and out, from its efficient engine technology to its generous equipment levels.

CHOOSE THE ENGINE THAT'S RIGHT FOR YOU

THE CHOICE IS YOURS

Tourneo Connect brings bold design and fuel-efficient engines with a choice of our latest powerful, yet refined 1.5-litre Ford EcoBlue diesels.

1.5L Ford EcoBlue diesel

Transit Connect is available with a choice of advanced high-performance Ford EcoBlue diesel engines. Available

with 100 PS (74 kW) or 120 PS (88 kW), both versions combine low running costs* with plenty of pulling power for shifting heavy loads.

GREATER PERFORMANCE, FEWER EMISSIONS

Tourneo Connect's Ford EcoBlue diesel engines comply with stringent Euro 6d TEMP-EVAP-ISC emissions standards. A Selective Catalytic Reduction (SCR) system uses AdBlue®, a urea/water-based fluid to convert NO_x emissions in the exhaust gas into nitrogen and water, while the diesel particulate filter is designed to capture 99% of emitted solid particulates from the vehicle's exhaust*.

***For further fuel economy and emissions information, please refer to the specifications section.**

BALANCED

1.5L Ford EcoBlue diesel engine

The Ford EcoBlue 100 PS (74 kW) diesel engine strikes a great performance balance. It delivers the flexible power needed for long distance driving, coupled with low emissions and excellent fuel consumption.

**Calculated Drive Cycle test figures.

POWERFUL

1.5L Ford EcoBlue diesel engine

As the most powerful engine in the range, the 120 PS (88 kW) Ford EcoBlue diesel develops 270 Nm of torque. This makes it the ideal choice for carrying heavier loads and towing, yet delivers fuel efficiency from as low as 4.5 L/100 km** combined.

**Calculated Drive Cycle test figures.

⁹⁰The declared fuel/energy consumptions and CO₂ emissions for Stage 6d-TEMP ISC-EVAP engines are measured according to the technical requirements and specifications of European Regulations (EC) 715/2007, (EC) 692/2008 and (EU) 2017/1151, as last amended. Fuel consumption and CO₂ emissions may be specified for a vehicle variant and not for a single vehicle. The applied standard test procedure enables a comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a vehicle; driving behaviour as well as other non-technical factors are very important in determining a vehicle's fuel/energy consumption and CO₂ emissions. A guide on fuel economy and CO₂ emissions which contains data for all new passenger carrying vehicle models is available at any point of sale free of charge or can be downloaded under <https://www.ford.co.uk/owner/resources-and-support/fuel-economy>. For further information see (EU) 2017/1151.

⁹⁰The declared fuel/energy consumptions, CO₂-emissions and electric ranges are determined according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EU) 2017/1151 as last amended. Light Duty vehicles type-approved using the Worldwide Harmonised Light Vehicle Test Procedure (WLTP) will have fuel/energy consumptions and CO₂-emission information for New European Drive Cycle (NEDC) and WLTP. WLTP will fully replace the NEDC latest by end of the year 2020. The applied standard test procedures enable comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a vehicle, driving behaviour as well as other non-technical factors play a role in determining a vehicle's fuel/energy consumption, CO₂ emissions and electric ranges. CO₂ is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO₂ emissions which contains data for all new passenger carrying vehicle models is available at any point of sale free of charge or can be downloaded under <https://www.ford.co.uk/owner/resources-and-support/fuel-economy>. For further information see (EU) 2017/1151.

[#]The weight of a standard-specification vehicle, including fluids and fuel tank 90% full, but without the driver (75 kg), passengers or luggage. Any additional options specified on the vehicle will increase the kerbweight accordingly. ⁹⁰Ford test figures.

All vehicles are at emission standard Euro 6d TEMP-EVAP-ISC.

Special Vehicle Options

Wheelchair Access Conversion Pack – Contains less 2nd and 3rd row seats, less mid and rear overhead consoles, less package tray and less load floor covering
 Uptfitter Preparation Pack – Contains repositioned Adblue[®] tank for wheelchair access vehicle conversions (not available with petrol engine)

Special paint, 50 colours available, consult Dealer for details¹ (contains self colour rear bumper end caps)

OWNERSHIP

Getting behind the wheel of your next new Ford is simple, with a variety of finance options available to suit your business needs.

OWN

Build your vehicle

Build and personalise your vehicle online. Simply head to the Ford website, select your model, then choose your engine, body colour and extras. You'll be able to view the recommended price, and send your configuration to a Ford Commercial Vehicle Dealer if you wish.

www.ford.co.uk

Find a Dealer and request a test drive

You can search for a Ford Commercial Vehicle Dealer by location or Dealer name on the Ford website, and request a test drive online. Simply fill in your details and your chosen Dealer will contact you to arrange a convenient time.

www.ford.co.uk

Commercial Vehicle Finance

When it comes to financing your Ford Commercial Vehicle, our size and expertise means we're well placed to provide you with a wide range of finance products.

Ford Credit[®]: Provides a range of finance plans for Commercial Vehicle customers interested in owning their vehicle.

Ford Lease[†]: Specialises in contract hire and leasing, and provides an alternative range of finance plans which can be tailored to suit your business. Business users only.

For more information about our finance products visit www.ford.co.uk

FordPass Pro

Look after up to five business vehicles, with tools to help you keep them healthy, secure and running smoothly. So you can focus on the work.

FordPass Pro is designed for new Commercial Vehicles that come with FordPass Connect. Our built-in modem keeps you effortlessly connected with your vehicles, wherever you are. Giving you all the features you need to keep your business moving.

FordPass Pro is available in selected markets. Please see your Ford Dealer for details.

Download FordPass Pro from the App Store or get it on Google Play.

Important information:

[®]Ford Credit: Finance subject to status. Guarantees may be required. Freepost Ford Credit.

Ford Credit is a trading style of FCE Bank plc, which is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and Prudential Regulation Authority under firm reference number 204469.

[†]Ford Lease: Ford Lease is provided by ALD Automotive Ltd., trading as Ford Lease, Oakwood Park, Lodge Causeway, Fishponds, Bristol, BS16 3JA. ALD Automotive is registered in England No. 987418. For the purposes of the Data Protection Act 1998 the data controllers in relation to any information you supply are Ford Motor Company Limited, FCE Bank Plc and ALD Automotive. Finance subject to status. Guarantees and indemnities may be required. ALD Automotive is authorised and regulated by the Financial Conduct Authority.

5 OWNERSHIP PROTECT

- Ford-trained technicians
- Interim checks for optimum vehicle performance
- Service Activated Roadside Assistance†
- Ford Protect packages to suit you
- One Call to access all the Ford services you need

For more information and to find your nearest participating Ford Commercial Vehicle Dealer, visit the aftersales support section at www.ford.co.uk/transit24

Service Plans

Save on your servicing costs

A Ford Protect Service Plan† fixes your servicing costs at today's prices for the duration of your plan, helping you save money.

Simply select the Ford Protect Service Plan that is most appropriate to your needs, with 2, 3 and 4 year plans available. Ford Protect Service plans can be paid for upfront, or if you buy online through the Ford Online Shop, the costs can be spread into convenient and affordable monthly payments. www.shop.ford.co.uk/pages/service-plans

If you are looking for even more peace of mind, the Ford Protect Service Plan Plus includes everything already covered by the Ford Protect Service Plan, with the addition of Wear and Tear parts. All work on your vehicle will be undertaken by a Ford authorised repairer. Available through your Ford Dealer at point of registration only.

Ford Protect Service Plans must be purchased before the vehicle is 12 months old or before its first service. They are transferable to the new owner should you decide to sell your vehicle. Your Ford dealer will be happy to advise you on a plan which is tailored to your needs.

The duration of a Ford Protect Service Plan begins at the New Vehicle Warranty commencement date (usually the date of first registration). The length of your contract and your estimated mileage determines the number of services in a Ford Protect Service Plan.

Ford Protect

Commercial Extended Warranty

Cover your vehicle beyond the new vehicle warranty up to 5 years with Ford Protect. Available at participating Ford Dealers.

By extending your standard 3-year warranty, you will enjoy worry-free operation for many years to come. Ford Protect provides a range of key benefits, including:

- Extended duration and mileage
- Cover against unexpected repair costs
- Coverage on trips abroad
- Protection against inflation for the price of parts and labour for the length of your plan
- Transferable to the next owner
- Helps protect your vehicle resale value

Ford Protect terms and conditions apply.

For further information please call

03702 416 726, option 2, option 2.

*Repairs will start on the same working day (as long as you bring your vehicle in before 3pm), or at least within 24 hours of its arrival. If we need to order parts, we'll begin work the day they're delivered. 'Vehicle off the road' repairs should be completed within 24 hours.

**Your Transit Centre can arrange to collect your vehicle and deliver it back to you after service or repairs, so you can get on with running your business. By arrangement and limited to a specific mileage radius of the Dealer. Contact your local Dealer to discuss your requirements.

†Available at participating Dealers only. Roadside Assistance is activated automatically at every routine service with coverage extended valid from the date of service for 12 months. See Ford.co.uk/roadsideassistance for more information.

Illustrations, descriptions and specifications. This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and recommended prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. **Note.** Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. **Note.** This brochure contains both original Ford accessories as well as a range of products from our suppliers. Fitment of accessories may have an impact on your vehicle's fuel consumption. † The identified accessories are carefully selected third party supplier branded accessories which do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer. **Note.** The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. The iPod word mark and logos are the property of Apple Inc. Other trademarks and trade names are those of their respective owners. **Note.** Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular vehicle. The vehicles themselves have not been tested and there are inevitably differences between individual vehicles of the same model. In addition, a vehicle may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption. **Insurance groups** are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation.
